2016 IACRN
8th Annual Conference
Clinical Research Nursing: Embodying Team Science for Participant-Focused Care

Conference—October 25-26, 2016
Pre-conference—October 24, 2016
Wyndham Lake Buena Vista
Lake Buena Vista, Florida, USA

This activity has been submitted to the Oncology Nursing Society for approval to award contact hours. ONS is accredited as an approver of continuing education by the American Nurses Credentialing Center’s COA.
Dear Colleagues,

On behalf of the International Association of Clinical Research Nurses, I am pleased and honored to invite you to our 8th Annual Conference entitled “Clinical Research Nursing: Embodying Team Science for Participant-Focused Care.” It’s an exciting time for clinical research nursing as we continue to grow on an international scale, while remaining adaptable, motivated and responsive to opportunities for development of our specialty nursing practice. As part of that landscape, the ANA has accepted IACRN’s document “Scope and Standards of Clinical Research Nursing” in recognition of our specialty practice.

Following through on this commitment, this year’s conference highlights both the individual and collective impact that clinical research nurses have on maintaining the equilibrium between the care of the research participant and fidelity to the research protocol. During our conference you can expect to gain knowledge, strategies and tools for adapting your professional practice within a changing global clinical research landscape while keeping focus on what is most important to the art and science of nursing practice, the nurse-client relationship.

Our conference objectives for 2016 are:

· Build an evidence base for addressing ethical considerations, interdisciplinary leadership teams and professional development for the profession of clinical research nursing

· Identify best practices that ensure quality community/participant focused input and care for clinical research planning and study management

· Identify and expand innovative strategies for managing regulatory affairs, site and study management in domestic and international research settings

I hope that each of you finds exceptional value in attending our conference, designed specifically around your needs and your specialty practice and in bringing your expertise to our gathering. You have the vision, the knowledge, and the experience to help us pave our way into the future. You are truly the greatest asset to our organization and we could not accomplish what we do without your support and leadership.

Sincerely,

Margaret McCabe, PhD, RN, PNP
President, International Association of Clinical Research Nurses
Conference Registration
Online Registration and Payment is Available at

**www.iacrn.org**

**Early Registration Deadline:** 5:00pm ET Wednesday, August 31, 2016

Register early! It helps us plan better and keeps your costs down. Take advantage of the early registration discount by registering on or before 5:00pm ET Wednesday, August 31, 2016. The discounted rates are made available in order to facilitate the administrative planning which is required prior to the conference.

Once you register, you will receive a confirmation letter from IACRN. If you do not receive a letter confirming receipt of your registration, please call us at 412-343-2235 to check your registration status, or contact us via email at Debbie@iacrn.org.

**IACRN Event Registration Refund Policy**

- All cancellations or refund requests must be in writing via: Email: IACRN@IACRN.org—or—Fax IACRN 412-344-0559.
- Cancellations or refund requests received before 14 business days from the start of the pre-conference/conference will be fully refunded minus a $50 administration fee.
- Cancellations or refund requests received within 14 business days leading into the pre-conference/conference or after close of the conference will not receive a refund.
- Conference registration is transferable to another person at no additional charge. Notify IACRN at IACRN@IACRN.org with name of original registrant and new registrant. Cancelled registrations are non-transferable.

**Sponsors & Exhibitors**

IACRN is a professional nursing organization founded in 2008 to increase awareness of this specialty practice in keeping with the changing international research landscape. Its purpose is to define, validate and advance clinical research nursing as a specialty practice and to support the professional development of registered nurses who directly or indirectly impact the care of clinical research participants. Our vision is reflected in our statement: “Enhancing clinical research quality and safety through specialized nursing practice.”

Exhibitors and sponsors for this meeting will have access to a large group of Clinical Research Nurses and to the organizations that they serve. IACRN will include sponsor and exhibitor names on the conference website and conference printed materials broadening the opportunity to bring your message to our membership and visitors to our website.

The passion of our members ensures the continued development and recognition of this specialty practice. IACRN is on schedule to release the Scope and Standards of Practice for Clinical Research Nursing this summer. We need your help to continue to elevate the specialty practice of Clinical Research Nursing. To learn more about our organization and the work we are doing, I encourage you to visit our website at www.iacrn.org.

There are a number of different opportunities for sponsorship and exhibiting at the conference. For more information and a full Sponsor/Exhibitor Prospectus, click here.
Hotel Information

Wyndham Lake Buena Vista Resort
1850 Hotel Plaza Boulevard
Lake Buena Vista, Florida 32830-2202
Phone +1 407-828-4444

In the middle of Walt Disney World®, Wyndham Lake Buena Vista overlooks all of Disney’s Florida empire, including Disney Springs®, right across the street. If access to days of unforgettable fun is important to you, there’s no better place to stay on a family getaway or Florida business trip. The hotel offers a continuous shuttle to and from every Disney® Theme Park, none further than 7 miles away. These shuttles begin running one hour before the theme parks open and run every 30 minutes up until two hours after the park’s normal park operating hours.

All of the rooms are fully furnished with classically contemporary amenities, including refrigerators with icemakers and high-speed wireless Internet. Some have exterior entrances for easy access, while others have towering views of Walt Disney World®, Lake Buena Vista, and our own beautiful Lake Buena Vista Resort.

There are two ways to book your reservation:

**By Phone:** Hotel direct: Guests can call the hotel directly to book their rooms. Simply call (800) 624-4109, ask for reservations and give the group name—International Association of Clinical Research Nurses/IACRN.

**Online Reservations:** Guests can book online via the hotel website, www.wyndhamlakebuenavista.com > click on reservations link > enter in arrival date/departure date > click add special rate code > enter in GROUP CODE - CRN

**Room Rate:** $129.00 (single/double) plus taxes if reserved by 9/30/2016 or until the IACRN room block is filled. After 9/30/2016, reservations will be accepted on a space and rate availability basis only.

Transportation

**Orlando International Airport (MCO)**
MCO is only 17 miles from the Wyndham Lake Buena Vista Resort. Transportation is available near the baggage claim area. If you choose to rent a car, the hotel parking fee is $8.00 per night per vehicle and includes unlimited use throughout the day.

**Ground Transportation:** Mears Transportation offers a round trip shuttle from MCO Airport to the Wyndham Lake Buena Vista for $37 round trip. You may go to their website at www.mearstransportation.com or call them at +1 407-423-5566 to book your space once your flight reservation is made.

**Taxi service** costs approximately $55 one way.
Workshop Descriptions for IACRN 2016 Pre-Conference
Monday, October 24, 2016

9:00am – 12:00pm
PRECONFERENCE SESSION I
Polishing Your Presentation Skills to Deliver a Successful Webinar
Workshop Description: Webinars are increasingly being used to deliver professional development education due to their accessibility, affordability, and ability to be archived. Best practices in webinar development and delivery are available that can guide webinar content for planners and presenters. The key to a successful webinar is a quality presentation. The objectives of this preconference workshop are to:

· provide tips for a successful presentation
· identify strategies to make your presentation more interactive
· demonstrate steps in developing and preparing a webinar
· identify webinar content for upcoming IACRN webinars

Attendees are encouraged to bring presentation ideas or past presentations.

PRECONFERENCE SESSION II
How to Use the UK Clinical Research Facilities Network ‘Study Intensity Tool’ to Improve Workforce Planning
Workshop Description: The three-hour workshop ‘How To Use The UK Clinical Research Facilities Network ‘Study Intensity Tool’ To Improve Workforce Planning’ will involve a verbal and PowerPoint presentation to introduce the tool to attendees. This will be followed with a practical session where attendees have the opportunity to use the tool to calculate the intensity of study visits and the staffing requirements for a test protocol. Attendees will be given practical support from presenters and will be given electronic copies of presentation, SIT handbook and version 12 of the tool. Pre and post training impact questionnaires will be completed by attendees.

1:30pm – 4:30pm
PRECONFERENCE SESSION III
Developing New Approaches to Patient Involvement and Engagement
Workshop Description: This highly interactive session will provide the opportunity to consider a range of innovative approaches to patient involvement and engagement. Using a number of international case studies participants will hear about different approaches to improve public literacy about taking part in clinical studies and the different ways we can improve authentic collaboration with patient led organizations and charities. The session will also examine how the increase in consumer voice and confidence and technological innovation is changing how we need to think about and connect with our key communities.

PRECONFERENCE SESSION IV
Generating Clinical Research Nurse Priorities Consistent with IACRN’s Mission, Vision, and Strategic Plan Using Nominal Group Technique
Workshop Description: This first aim of this preconference is to bring together expert CRNs to generate research priorities using Nominal Group Technique (NGT). The second is to provide an energizing learning experience for attendees resulting in highly motivated CRNs who will use NGT in solving research practice issues within their home environments. Of the available research methods suitable to group processes, NGT will be used at this preconference. NGT is a semi-quantitative/qualitative evaluative methodology grounded in social-psychology designed to promote group participation in the decision-making process and can be used by small groups to reach consensus on the identification of key issues.

| 8:30am—8:45am | **2016 IACRN Annual Conference Welcome**  
Margaret McCabe, PhD, RN, PNP  
President, IACRN                        |
| 8:45am—10:00am| **Keynote Address**  
*Understanding and Enhancing Team Science in Participant-Focused Care*  
Stephen M. Fiore, PhD  
Director, Cognitive Sciences Laboratory and Faculty  
University of Central Florida Cognitive Sciences Program, USA |
| 10:00am—10:15am| Break – Tweet/Refreshments/Visit Exhibitors/Posters                                                          |
| 10:15am—11:15am| **Breakout Session 1 (Choose Session A, B, or C)**                                                          |

### SESSION 1A
**Clinical Research Nurse Education Program for New-Hire Orientation**  
Kristen Johnson, JD, RN, OCN  
Director of Research Nursing  
Dana-Farber Cancer Institute, USA  

**Evolution of the Oncology Clinical Trials Nurse (OCTN) Competencies to Reflect Changing Practice**  
Barbara Lubejko, MS, RN  
Oncology Clinical Specialist  
Oncology Nursing Society, USA  

### SESSION 1B
**Standardized Subjects Self-management in Hematological Phase 1 Clinical Trials**  
Guimin Zhang, BSN, RN  
Head Nurse  
Tianjin Hospital, China  

**The Effects of Trans-resveratrol on Inflammation, Insulin Resistance and the Metabolic Syndrome: A Placebo Controlled, Double-Blind Study**  
Jeanne Walker, MS, ANP  
Clinical Research Nurse Practitioner  
The Rockefeller University, USA  

### SESSION 1C
**Assessing Clinical Trial-Associated Workload in Community-Based Research Programs Using the ASCO Clinical Trial Workload Assessment Tool**  
Marjorie Good, RN, MPH, OCN  
Nurse Consultant/Program Director  
National Cancer Institute, USA  

**Lack of Evidence for Financial Burden of Clinical Trials Nurses Research**  
Amanda Copeland, MSN, RN, CNS  
Director, Clinical Trials Nursing  
Memorial Sloan Kettering Cancer Center, USA

### SESSION 2A
**Skill Mix and Staff Mix Within Multi-disciplinary Teams: Developing an Integrated National Workforce Framework for Clinical Research Delivery**  
Fiona O’Neill, RGN, RMN, BA (Hons), PhD  
Head of Workforce and Learning  
NIHR Clinical Research Network, UK  

**Development Of A New Educational Programme For Clinical Trials Assistants: Developing Our Workforce To Meet the Challenges of the Future**  
Marie Nelson, MSc, BA (Hons), RN  
Matron, Research & Development  
University Hospital Southampton NHS Foundation Trust, UK  

### SESSION 2B
**Modern Technology in Research: Paper Consents Gone Digital**  
Ilana Logvinov, MSN, RN, CCRP  
Advanced RN CCRC  
Mayo Clinic, USA  

**Implications of Implementing Clinical Research Within Your Existing Electronic Medical Record Systems**  
Candida Barlow, MSN, RN  
Director of Research  
St. John Health System, USA  

### SESSION 2C
**Research Timepoint Indicators: Using Benchmarks to Improve Performance**  
Tamara Kempken Mehring, MSN, RN, CCRC  
Clinical Nurse Specialist  
University of Wisconsin, USA  

**Impact Of Professional Nursing Practice Environment And Psychological Empowerment On Nurses’ Work Engagement: Test Of Structural Equation Modeling**  
Shanshan Wang, PhD, MSN  
School of Nursing  
Zhengzhou University, China

  Nurse Manager
  Georgetown University Clinical Research Unit, USA
9:45am—10:00am  Break — Tweet/Refreshments/Visit Exhibitors/Posters
10:00am—11:00am Breakout Session 1 (Choose Session A, B, or C)

SESSION 1A
Clinical Research Nurses Preceptor Programs: A Review of the
Literature and Pilot Program
Mary Sullivan-Whalen, RN, MSN FNP
Clinical Research Nurse Practitioner
The Rockefeller University, USA
Patricia Eckardt, PhD, RN
Director, Heilbrunn Family Center for Research Nursing
The Rockefeller University, USA
Expanding the Description of the Clinical Research Nursing Domain of Practice: An International Survey Approach
Cheryl Fisher, EdD, RN
Senior Nurse Consultant
National Institutes of Health, USA
Catherine Griffith, PhD, RN
Clinical Research Nurse
Massachusetts General Hospital, USA

SESSION 1B
Changing the Inpatient Unit Culture in a Research Environment: A Process to Enhance Interdisciplinary Collaboration during Daily Patient Rounds
Amanda Bray, RN, BSN, OCN
BCNI National Research Coordinator
National University of Ireland Galway, Ireland
Team Science Continuum: The Journey of the Georgetown University Clinical Research Unit
Shaunagh Browning, MSN, RN, FNP-BC
Nurse Manager
Georgetown University Clinical Research Unit, USA
Marie Therese Jeffs, BSN, RN
Clinical Research Nurse
Georgetown University Clinical Research Unit, USA

SESSION 1C
Managing Clinical Research Nurses - The Edinburgh Experience
Jean Bruce, PG Cert, BSc, RGN
Clinical Research Nurse Manager
NHS Lothian, UK
Interactive Learning to Explore Research Nursing Practice Activities
Sheila Driscoll, MSN, RN
Nurse Director
Brigham and Women’s Hospital, USA
Linda Godfrey-Bailey, MSN, ACNS, BC
Nurse Director
Beth Israel Deaconess Medical Center, USA
Catherine Ricciardi, DNP, ANP-BC
Nurse Director
Massachusetts Institute of Technology, USA
Kathryn Hall, MS, RNCS, ANP-BC
Nurse Director
Massachusetts General Hospital, USA
# SESSION 2A

**Establishing an International Chapter**

- Gordon Hill, MSc, PGCE, BA, RGN  
  Senior Lecturer  
  Glasgow Caledonian University, UK

**IACRN Fundamentals of Clinical Research Nursing Course in China**

- Xiaokun Liang, PhD  
  Project Manager  
  Global MD, China

# SESSION 2B

**Breaking Down the Delegation of Authority Log**

- Shaunagh Browning, MSN, RN, FNP-BC  
  Nurse Manager  
  Georgetown University Clinical Research Unit, USA

**A Retrospective, Blinded Pilot Study Comparing Staffing Influence on Protocol Deviation Rates: A Report on Study Methods and Preparation**

- Penelope Jester, MPH, BSN, RN  
  Director  
  University of Alabama at Birmingham, USA

# SESSION 2C

**Nurse Scientists’ Educational Preparation, Efficacy, and Knowledge in Clinical Research Nursing**

- Patricia Eckardt, PhD, RN  
  Director Heilbrunn Center  
  The Rockefeller University, USA

**Model to Develop, Build and Test the Nursing Curriculum of Capacity Index for Clinical Research Nurse**

- Wen-Yu Hu, PhD  
  Professor, Department of Nursing  
  National Taiwan University College of Medicine, Taiwan
